

Biology of Protoza

By D.R. Khanna, P.R. Yadav

Discovery Publishing House Pvt. Ltd., 2004. Hardcover. Condition: New. The fascinating title "Biology of Protozoa" has been carefully compiled and edited to meet the long felt needs of increasingly Large number of those who have to deal with the different aspects of Protozoology in Colleges, Universities and Research institutes. It provides a balanced and Integrated treatment of the entire field of Protozoa. The title is intelligible to the educated layman but it deals with some complex ideas. It is an adequate text for all requirements in this area for most University students. Special efforts have been made to explain ideas in non-mathematical terms. The primary aim throughout has been clarity, simplicity and the high standard. It will definitely prove to be a boon to teachers, students and research workers in the field of Protozoology. It has been the constant endeavour of the Authors to furnish maximum substance, keeping in view the limitations of size of the volume. Efforts have been made to condense the matter as far as practicable. The Book features both a text and a laboratory guide. It is hoped that this text will also significantly contribute to the efforts of instructors of Microbiology to motivate students into...
